# Wifi Water Watcher

### DESCRIPTION

- 115V AC to 5 DC external power supply.
- Rechargeable lithium back-up battery with a 15-hour average life in case of power outage.
- Compatible with all smart phones.

### OPERATION

- The device is connected to the user's Wi-Fi network.
- A detection float is installed in the sump or sewage tank.
- The float is connected to the unit via a cable.
- The float activates the alarm when the water level in the sump pit attains a critical level above normal.
- When the alarm is activated, an SMS text message or an e-mail is sent to the user's 3 phone numbers and 3 e-mail addresses configured in the system.

**ALERTS YOU**  
**before any water damage**  
occurs from your sump  
or sewage tank

### ALSO INCLUDED IN THE BOX:

**FLOAT SENSOR**  
6-foot cable

**AC ADAPTOR**  
6-foot cable
