

MYERS® BATTERY BACKUP SUMP SYSTEMS

FEATURING

No matter where you are, remote monitoring keeps your basement protected, and you informed.

! According to the National Flood Insurance Program, floods are the most common natural disaster in the USA, with yearly claims over \$3 billion.

! A basement flood can damage your home's foundation, framing, drywall, plumbing system, electrical system, plus furniture and precious, often irreplaceable belongings.

! The average residential flood claim amounts to more than \$30,000 per flood, which is not covered in most standard homeowner insurance policies.

NOW YOUR SUMP PUMP WILL ALWAYS HAVE POWER.

You need a sump pump to protect your home from the catastrophic impact of flooding. But when the power's out, a standard sump pump can't do its job. And, if you're away from home, you won't know what's going on. You and your house will both be in the dark.

An advanced Myers Battery Backup Sump Pump System is the solution. You'll have a powerful battery standing by, completely separate from your home's standard power supply. When standard power fails, the battery kicks in, and can run your backup sump pump for days to keep your basement dry and your belongings out of danger.

OUTSTANDING OUTAGE PROTECTION TIME*

UP TO
6 DAYS
11,500 GAL
PER BATTERY CHARGE

*Based on discharging a 20-gallon sump pit 4 times per hour on Premium models

THE SMARTEST BATTERY BACKUP SUMP SYSTEM YOU CAN BUY.

- ▶ 12V BACKUP SUMP PUMP REMOVES UP TO 2X MORE WATER PER CHARGE THAN COMPETITIVE PUMPS
- ▶ SMART CHARGING TECHNOLOGY WORKS UP TO 5X FASTER AND EXTENDS BATTERY LIFE
- ▶ MYLINK20.COM GATEWAY FOR EASE OF CONNECTION

The Gateway plugs into your Internet router/modem with a simple CAT5 cable (included)

WHEREVER YOU ARE,
STAY IN TOUCH.

PREPARED
IN CONTROL

Link₂O™ will constantly monitor conditions, and send you text messages or emails when your basement is in danger of flooding. At home, or across the globe, you can check and test system status anytime.

Alerts you if AC power to your backup unit has been lost

Alerts you if your Internet connection has been lost

Alerts you when your battery has lost sufficient power to remove water

Alerts you when the backup pump is running

Alerts you if there is a problem with debris in the impeller or a blocked discharge pipe

Alerts you if your water level is rising and your basement is at risk of flooding

Link₂O gives you total peace of mind that your home is protected!
